

TALLINK GRUPP - NEXT 3 YEARS CHALLENGES, POSSIBILITIES, SOLUTIONS

RECOVERY FROM COVID-19 PANDEMIC

- Removal of roadblocks for safe travel
- Restoring traveller confidence
- Reasons to travel while adapting to „new normal“

SUSTAINABLE DEVELOPMENTS GOALS

- Focus on Sea, Climate, Resources and People
- A quick „Green Deal“ is a challenge in the shipping sector with long life-span of assets and needs a global approach
IMO → EU → Regional
- Urgent need for scientific and technological developments as mainstream technologies are non-existent, fuels not available

NEW FERRY – MYSTAR FROM RAUMA MARINE CONSTRUCTION

- The vessel cost is EUR 247 million
- LNG fuelled ship with diesel-electric propulsion
- Expected delivery in March 2022
