Our main challenge for the future:

- sedimentation of the Waddensea,
- environmental and nature legislation,
- matching waterway and ships,
- ecology versus economy...

Our main challenge for the future:

- sedimentation of the Waddensea,
- environmental and nature legislation,
- matching waterway and ships,
- ecology versus economy in relation to:

housing / education;
care and welfare;
community facilities.

Keywords:

- Continuity, Safety, Quality;
- Reliable;
- Affordable;
- Multi purpose:
 - local & visitors
 - commerce & tourism
