

The Complete Human Resource Solution

A comprehensive approach to scheduling, compliance, & attendance tracking for the maritime industry

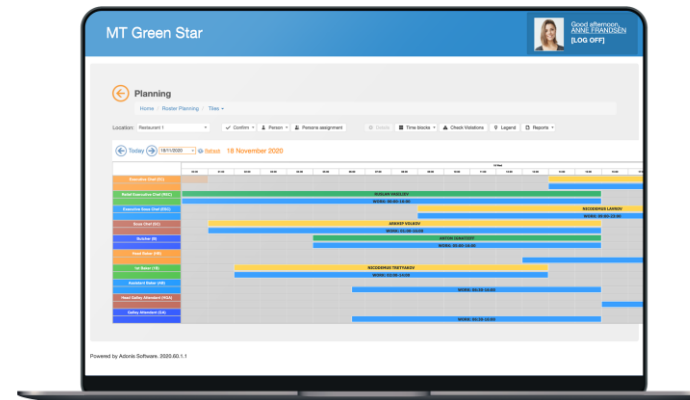

Smart Scheduling

Complete Automation

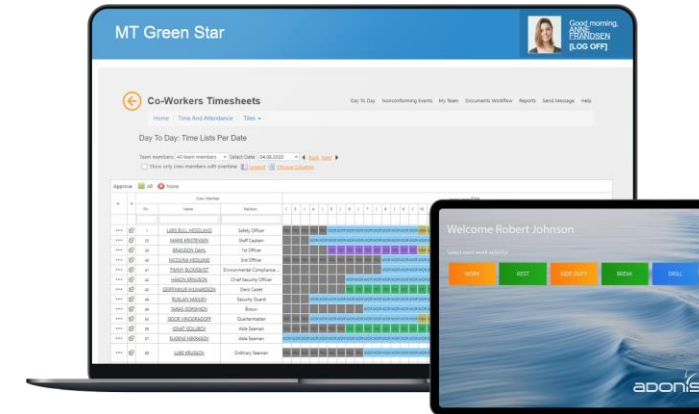

Manage your crew and staff rotations more efficiently with our automated scheduling system.

It saves time and effort while improving accuracy.

Real-Time Schedules

Adonis HR provides real-time schedules that take into account weather conditions and other factors. Ensuring seamless crew changes and avoid unnecessary delays.

ID Card Verification

We integrate with your ID card systems to ensure that only qualified and current team members can report for duty. Supporting your QA and Safety processes on board.

Compliance Tracking

Automated Tracking

Ensure that all your crew are certified and compliant in line with current regulations. Adonis HR provides automated certification tracking and revalidation reminders.

Compliance Reports

Generate reports quickly and easily for compliance audits and inspections. Streamline your reporting with customizable reports that fit your maritime operations.

Alert Notifications

Our software helps you stay on top of compliance deadlines. Automated alerts notify you when a certificate needs updating, avoiding costly penalties and downtime.

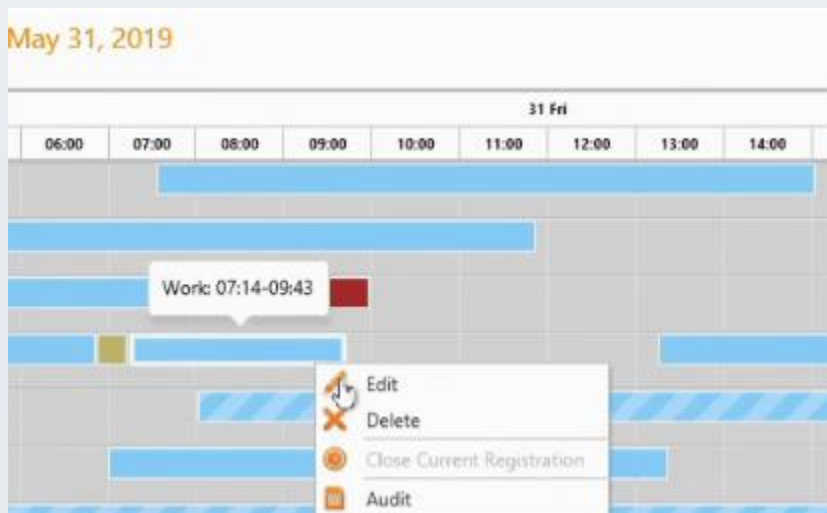

Time and Attendance Tracking

Real-Time Dashboards

Check employee attendance and remaining work schedules in real-time to maintain quality operations.

1

Automated Time Tracking

Adonis HR automates timekeeping to streamline payroll and eliminate manual errors.

2

3

Mobile Access

Our software enables employees to clock in and out remotely, improving efficiency by 40%.

Effective Onboarding

Task Assigning

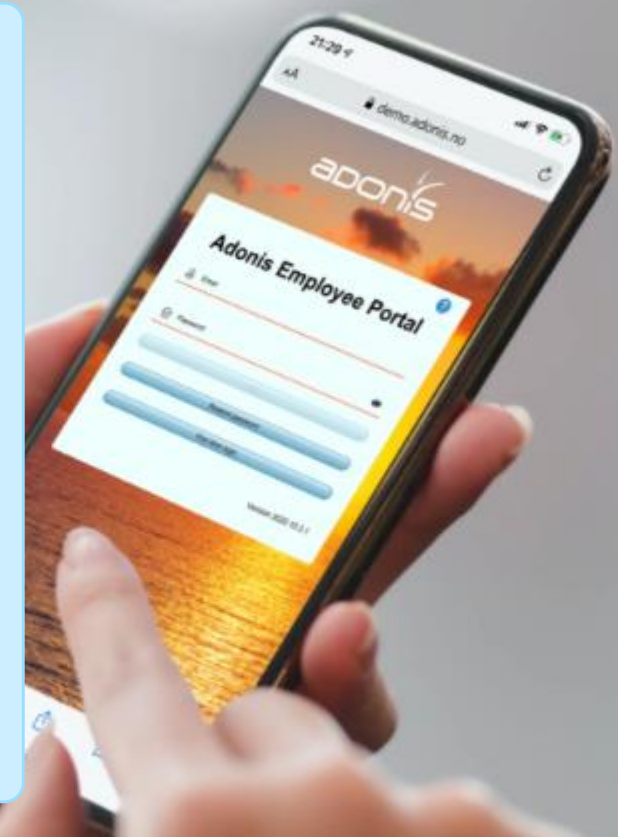

Assign tasks to individual employees during their onboarding process to familiarize them with standard operating procedures.

Progress Tracking

Adonis HR helps you monitor and track your employees' onboarding progress to ensure that new hires are quickly up and running.

Improved Insight

Get analytical insights on the progress of employee onboarding, including training progression, performance, and more.

Optimized Performance Management

Objective Setting

Goal setting and objective tracking software tailored to your company's workflows will help you achieve desired outcomes.

1

2

3
