

The European Ferry Shipping Summit 2024

Athens 07 November 2024

Energy transition for GNV

4 new buildings joining our fleet

2024

GNV Polaris

250 Cabins
1.500 passengers
3.100 LM

-30% CO2 Emissions with HFO
(hybrid scrubber) propulsion

2025

GNV Orion

450 Cabins
1.750 passengers
3.400 LM

-30% CO2 Emissions with HFO
(hybrid scrubber) propulsion

2026

GNV Virgo & GNV XXX

450 Cabins
1.750 passengers
3.400 LM

- 50% CO2 emissions with
LNG propulsion

Reduction of Nox emissions
with Selective Catalytic reduction Systems

Reduction of CO2 emissions
with Cold Ironing Systems

Our fleet 2025

Beginning of vessels digitization
